

KUES SERIES ETHERNET SWITCH

The Klemsan **KUES** series unmanaged industrial fast Ethernet switches are specifically designed for industrial use. The devices, housed in durable metal casings, feature 5-port, and 8-port 10/100 Base-TX connection points. They are built to withstand operating temperatures ranging from -40°C to 75°C and are additionally equipped with highly resistant components to withstand vibration and impact.

- 5 and 8 port options
- 10/100 Base-TX
- Operating temperature range of -40°C to 75°C
- Surge Protection
- ESD Protection
- IP30 Protection Class
- Durable Aluminum Casing
